

Partner Activities

Here are some suggestions for activities for your non-sailing partners or for those of you who get here early and would like to see what Sydney has to offer. There are many more things you can do and places you can see, but this list will get you started.

RSYS

- The Squadron has three dining areas:
- Careening Cove Area for casual dining. You can cook your own BBQ or order meals from the kitchen - there will be a daily snack food menu. Here is the link http://web.me.com/williampettigrew1/CCA_subsite/CCA_Home.html
- Carabella Dining Room for more formal dining - smart casual wear (no jacket or tie required), but you will need to book.
- Or you can have a wonderful evening in the cellar with a small group to enjoy the fine wines and degustation menu which changes each month. Again, you need to book.

Watching the racing

We will have boats going out to the race course every day and most days one of them should have room to take some spectators. Ask one of the Regatta volunteers to where to enquire about putting your name down.
